## Portofolio Projects

### 1. IQue Dashboard, Controller

Instansi: CV. Newtronic Solution

Client: CV. Newtronic Solution

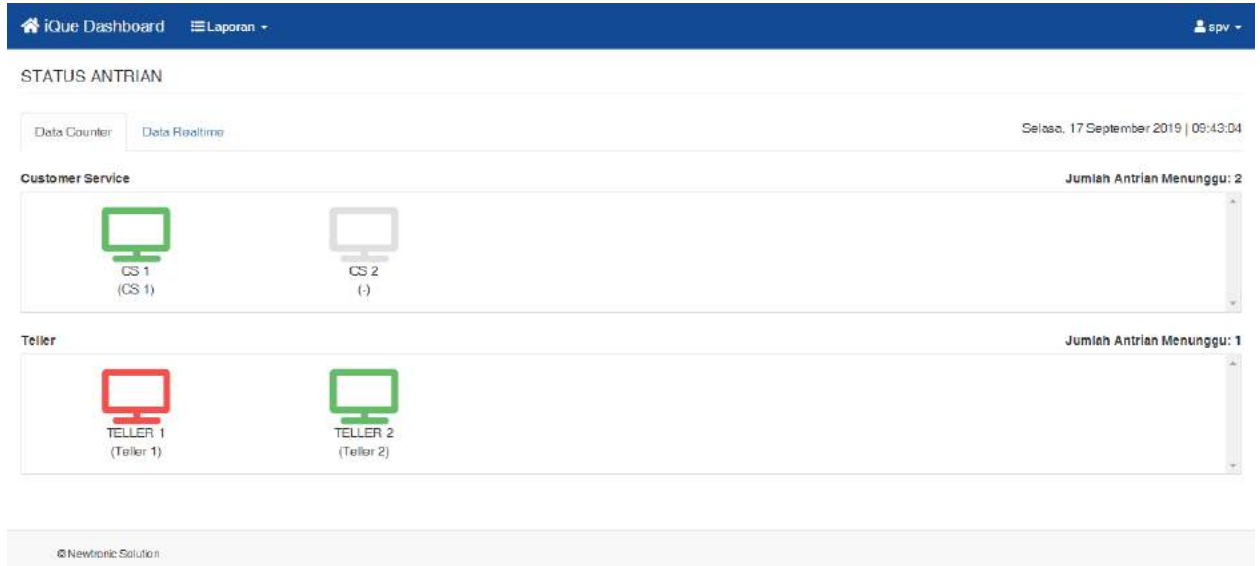

Tech: MySQL, PHP Slim framework, HTML5, CSS3, Bootstrap, Javascript, Angular.js, Apache, Linux

Role: Frontend Developer, Backend Developer

The image shows a login form titled "iQue Dashboard". It has a blue header bar. Below the header, there are two input fields: "Username" with the value "spv" and "Password" with masked characters "\*\*\*\*\*". Below these fields is a blue "Log In" button with a white right-pointing arrow icon.

© Newtronic Solution

The image shows the main interface of the "iQue Dashboard". It has a blue header bar with the "iQue Dashboard" logo, a "Laporan" menu, and a user profile "spv". Below the header, the main content area is titled "STATUS ANTRIAN". It features two tabs: "Data Counter" (selected) and "Data Realtime". The date and time "Selasa, 17 September 2019 | 09:43:04" are displayed in the top right. The interface is divided into two sections: "Customer Service" and "Teller". The "Customer Service" section shows two monitors: "CS 1 (CS 1)" with a green border and "CS 2 (-)" with a grey border. The "Teller" section shows two monitors: "TELLER 1 (Teller 1)" with a red border and "TELLER 2 (Teller 2)" with a green border. The "Jumlah Antrian Menunggu" (Waiting Queue Count) is displayed as 2 for Customer Service and 1 for Teller. The footer shows "© Newtronic Solution".

Intelligent Treasury Rate and Forex Board (ITRF) papan suku bunga online yang bekerja secara otomatis dan terpusat.

Fitur:

1. One time set up, menampilkan data pada layar secara tepat
2. Menampilkan data secara Realtime
3. Mendukung tampilan multimedia video dan playlist yang modern
4. Grouping system kelas kantor dan grouping system wilayah

The screenshot displays a complex financial dashboard. It includes multiple tables with columns for currency, interest rates, and exchange rates. A prominent message at the bottom reads 'SELAMAT DATANG DI BANK BJB' (Welcome to Bank BJB). The interface is designed for real-time monitoring of financial data.
